playful spaces

The background image shows two young children, a girl and a boy, sitting together in a wicker basket. They are positioned inside a wooden play structure that resembles a small house or a playhouse with a pitched roof. The girl is on the left, wearing a red top, and the boy is on the right, wearing a light-colored top and patterned pants. They are both looking towards the camera. The structure is made of light-colored wood, and the overall atmosphere is warm and playful.
