

# ARC 415

Capturing the City  
Photography and Urban Space

MEF University  
Faculty of Arts, Design and Architecture  
Fall 2023-2024  
Thursday 14:00-16:50 online  
Metehan Özcan  
ozcanmetehan@gmail.com

This course focuses on the relationship between memory and the experience in the city, through visual communication. Tension between the online and physical states of the urban space will be the main theme of the course. Discussion and assignments on ways of seeing, being seen, exploring, documenting and representing the tales in the city will be the means.
