

kitchen and bath design

MEF FADA- Fall 2020-2021- Tuesday 09.30-12.30 Meltem EREN

Within the scope of this course, students will question why the kitchen and bathroom are not just a 'need' but the 'hub' of the house.

Through a series of lectures and project works students will examine work center planning strategies, equipment and fixtures and the selection of surfaces and finishes for better performance and visual impact.
